## **DETAILED ACTION**

### ***Claim Objections Withdrawn***

The objection to claim 23, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment corrects the claim language as appropriate.

The objection to claims 7-9, 13-18 and 21, as being indefinite because they depended from an indefinite claim, is withdrawn. The rejection is moot, vide infra.

### ***112 Rejections Withdrawn, FIRST PARAGRAPH***

The rejection of claim 1 under 35 USC 112, first paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claim.

### ***102 Rejections Withdrawn***

The rejection of claims 1-6, 10-12, 19, 20 and 22 under 35 USC 102(b), outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels claims 1-6. With respect to the remaining claims, their dependency has been changed such that they now ultimately depend from allowable amended claim 7.

***Allowable Subject Matter***

Claims 7-23 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art remains US 4,153,581, prior art of record. Applicant has narrowed the independent claim (amended claim 7) such that it no longer reads on the cited art. US 4,153,581 neither teaches nor suggests the instant process, for instance, with respect to pressure. Nor would it have been obvious to one of ordinary skill in the art at the time of invention to modify the process of the prior art in order to arrive at that of the instant invention. There is no motivation to do so.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
